

Tony Hopkins,
Seawall Restorations,
4 Charles Place,
Mt Annan, NSW, 2567

7 September, 2004

Dear Tony,

The Executive has agreed that I should write to commend you on the work you did on stabilising, restoring and repointing our seawall and the associated landscaping.

We appreciate the practicality of your advice, the value for money, the quality of the workmanship, the timely completion, and your attention to detail. The finished job has drawn unsolicited praise from many, both residents and visitors, and we will certainly be in touch when funds are next available for a quote on the work to be done on the remaining section of the wall.

Regards

Bruce Balsdon
Treasurer
